- 343 Problems** Solved in Vjudge: musfique

## Projects

- OneConnect App - Android-based Donation Platform** [Demo Video](#) [Full Code](#) **Apr 2024 – Aug 2024**  
*Flutter, Firebase, Firestore, Getx*  
OneConnect is a donation app that allows users to donate to verified posts, the central fund, donation requests, and admin verified user posts. It supports other users and helps people through central fund donations.
- Bikreta - A friend of growth** [Live Link](#) [Client Code](#) [Server Code](#) **Oct 2023 – Jan 2023**  
*React, Node, Express, MongoDB*  
Bikreta is an online shopping site where shopkeepers can buy products in large amounts or cartons. It lets the admin see all transactions and details, predicts which products will sell well in the future, and uses simple diagrams to track and analyze how well each product is doing.

## Skills

- Programming Languages:** C, C++, Python, JavaScript, Dart, Bash
- Tech Stack:** Flutter, MERN
- Database:** Oracle, MongoDB, Firestore
- Version Control:** git, Github
